

Applicants must either have a Truck Trailer Service Technician (310J) certificate of qualification or be willing to enroll in the apprenticeship program to achieve this qualification. Applicants must be available and willing to work an afternoon shift which operates between 2:30 pm and 1am, Monday through Thursday night (4 shifts).

Essential Duties:

Inspect, diagnose, repair and conduct maintenance on Walinga built and installed equipment as well as on other truck/trailer makes and models. This includes but is not limited to:

- Landing gear assemblies
- Trailer frames and bodies
- Hitching/coupling systems
- Suspension systems; brakes and wheel ends
- Air and auxiliary systems
- ABS braking systems
- Electrical systems
- Hydraulic systems
- Aluminum and steel welding

Walinga offers a competitive wage and benefits package as well as a shift premium for those working on the afternoon shift. Wages are based on experience.

Please send a resume to hr@walinga.com.

We thank all applicants for their interest in this position. Only those selected for an interview will be contacted.
